Official Presentation for Directives

The end of spreadsheets, lost receipts, and manual reconciliation

The Past

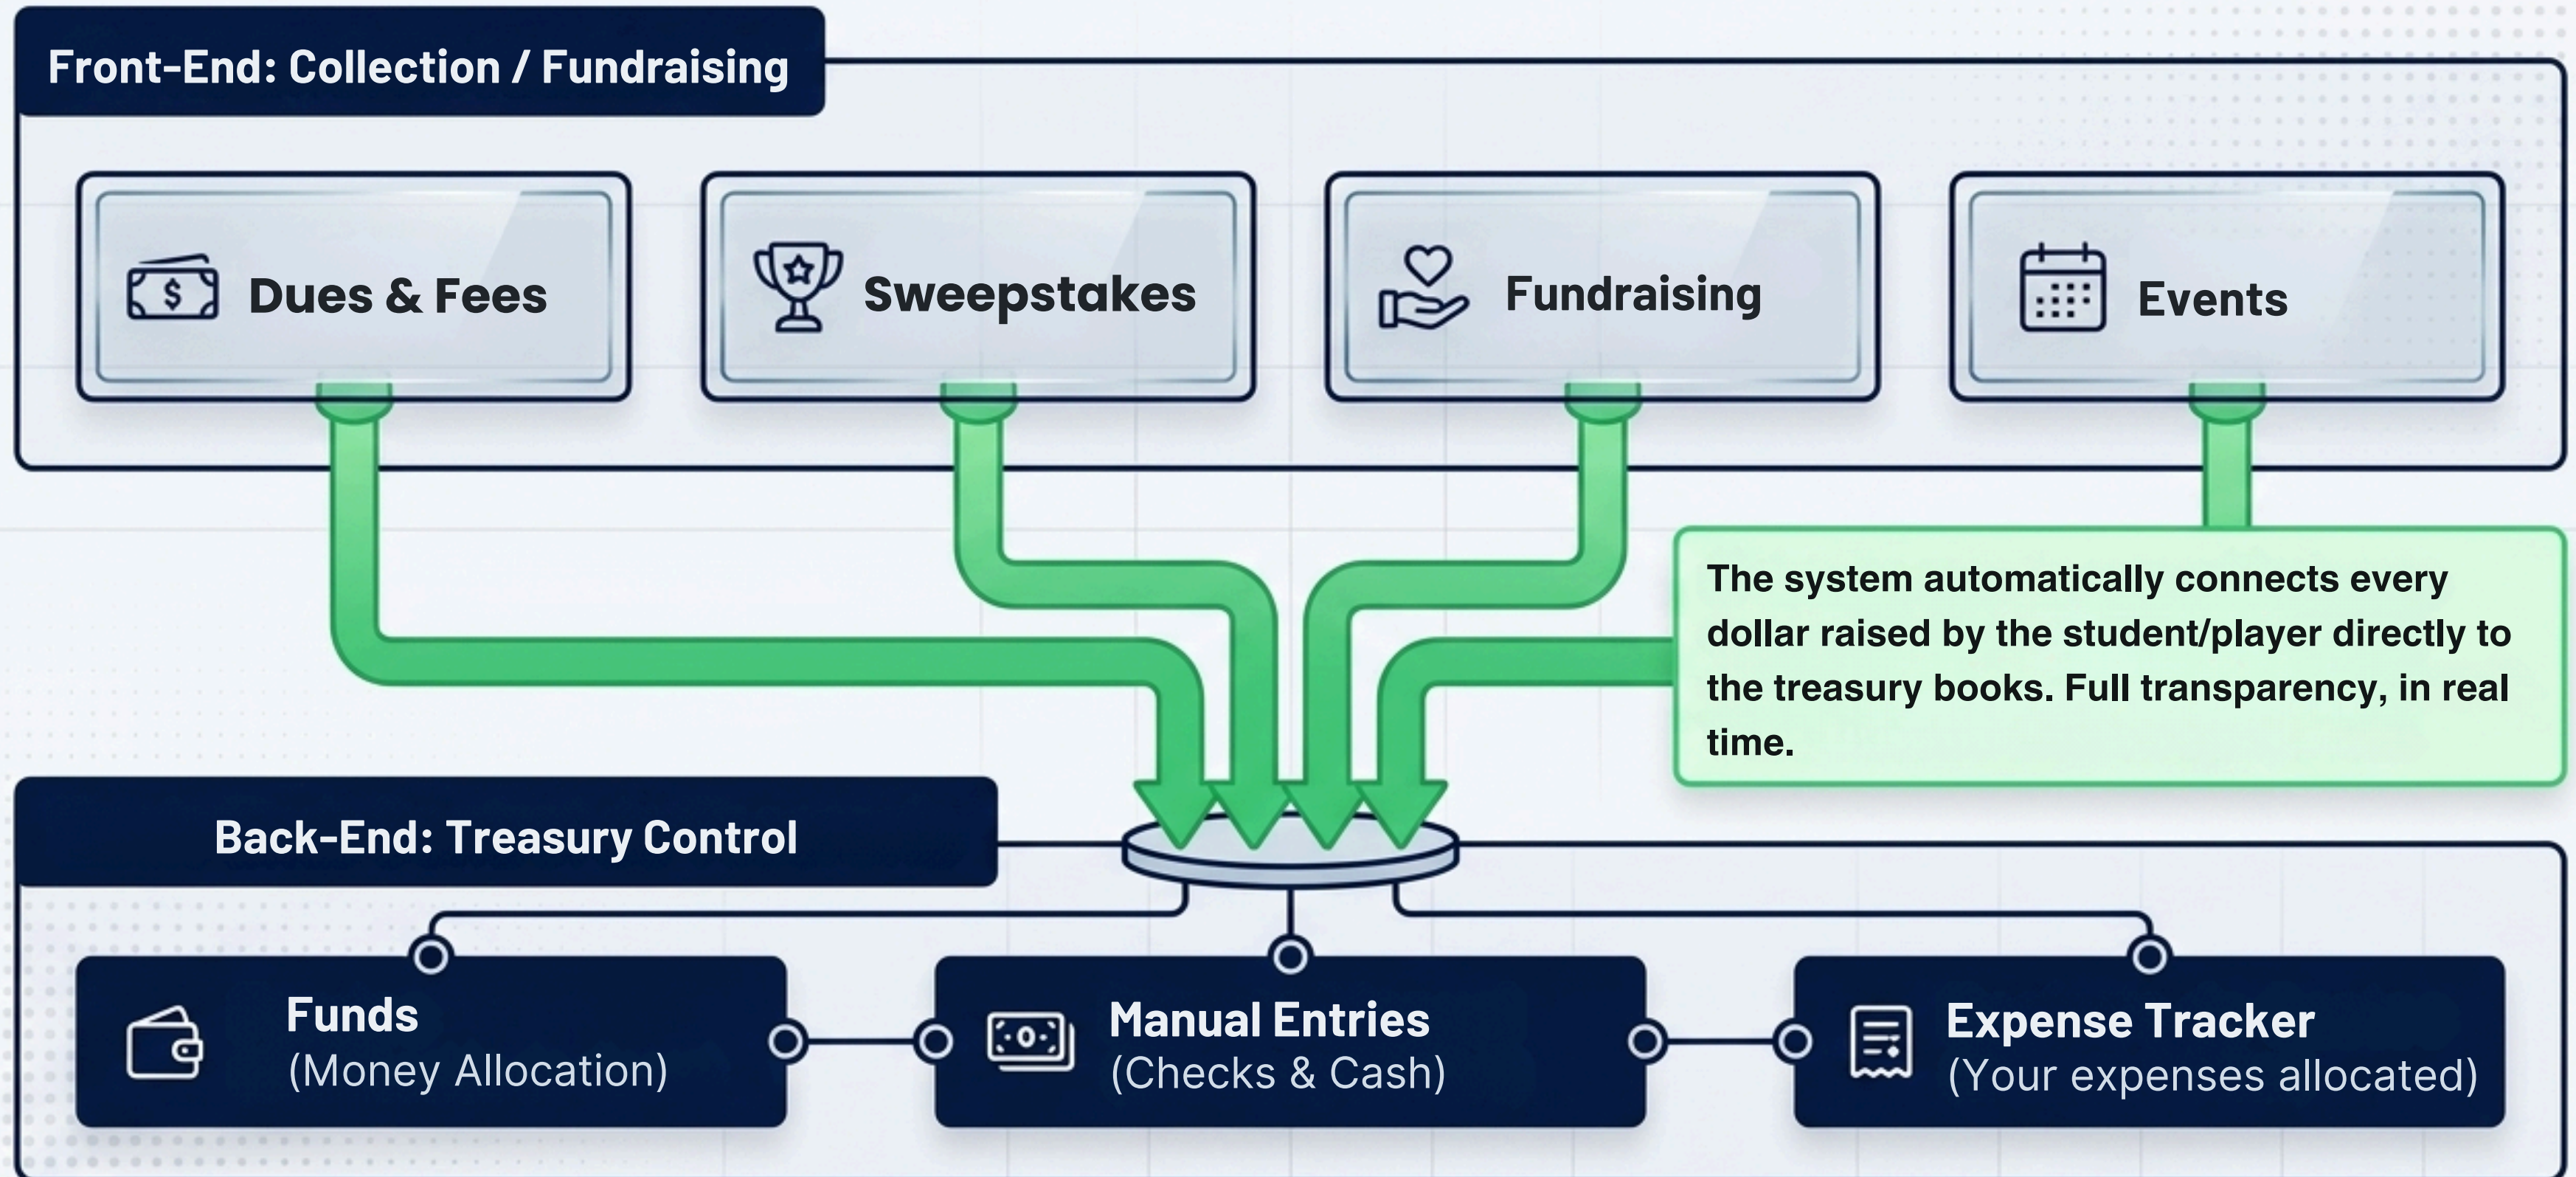

- ✗ Constant chasing of payments via cash, checks, and apps.
- ✗ Roster in a Google Drive
- ✗ Hand-maintained Excel spreadsheets, reconciling with bank deposits and searching through emails.
- ✗ Zero real-time visibility for the treasurer.
- ✗ Searching for receipts in email and WhatsApp to confirm payments.

The Redeema Solution

- ✓ All in one place: Roster of your students/players or members. Automated dues, sweepstakes, events, and donations.
- ✓ Automatic reconciliation: The system mathematically balances who paid and who owes.
- ✓ Attributed payments, automatic receipts, real-time balance, transparency in your accounts.
- ! *You do not need to be a non-profit entity to operate and fundraise.*

High-Impact Fundraising Tools (100% Legal)

Digital Sweepstakes

The screenshot displays the 'Draw' section of the app. At the top, there are tabs for 'Details', 'Price', 'Tickets & AMOE', 'Draw', 'Participants', 'Transactions', 'Members Page', and 'Terms & Conditions'. The 'Draw' tab is active, showing a draw date of 'Sep 17, 2028', a 'Manual (live draw)' method, and '73 Tickets Sold'. Below this, there are buttons for 'Entry Log' and 'Draw Evidence'. A green banner indicates 'Draw executed on Sep 17, 2025, 12:34 AM'. The 'Results - MAIN' section shows a table with columns: Rank, Participant, Ticket #, and Status. The first row shows '1st Place' for 'Dios brax' with ticket 'T-00018' and status 'SOLICITED'. Below this, the 'Alternates' section lists 'Alternate 1' (Grifondo Folix, T-00033, SOLICITED) and 'Alternate 4' (Julien Blics, T-00057, SOLICITED).

Rank	Participant	Ticket #	Status
1st Place	Dios brax	T-00018	SOLICITED

Alternate	Participant	Ticket #	Status
Alternate 1	Grifondo Folix	T-00033	SOLICITED
Alternate 4	Julien Blics	T-00057	SOLICITED

Fully auditable and fraud-free digital sweepstakes.

Guaranteed legal compliance (includes Alternative Method of Entry for Puerto Rico / US).

The system selects winners and alternate winners mathematically, leaving zero margin for error.

Fundraising

The screenshot shows a fundraising campaign page for 'Fundraising Close Graduando 507?'. It displays a goal of '\$40015' and a current amount of '\$471.75'. Below this, there are tabs for 'Details', 'Conors', 'Transactions', 'Members Page', and 'Terms & Conditions'. The 'Transactions' tab is active, showing a table of donations with columns: Date, Email, Amount, Method, Status, Ref, and Status. The table lists several transactions, including donations from 'jane Devia', 'han Inaga', 'han Inaga', 'jane Devia', 'Verde Pamela', and 'Verde Pamela'.

Date	Email	Amount	Method	Status	Ref	Status

Donation campaigns (Fundraising) with clear goals and live progress bars.

Perfect attribution: every cent donated is automatically credited to the student who shared the link.

Events and Tickets

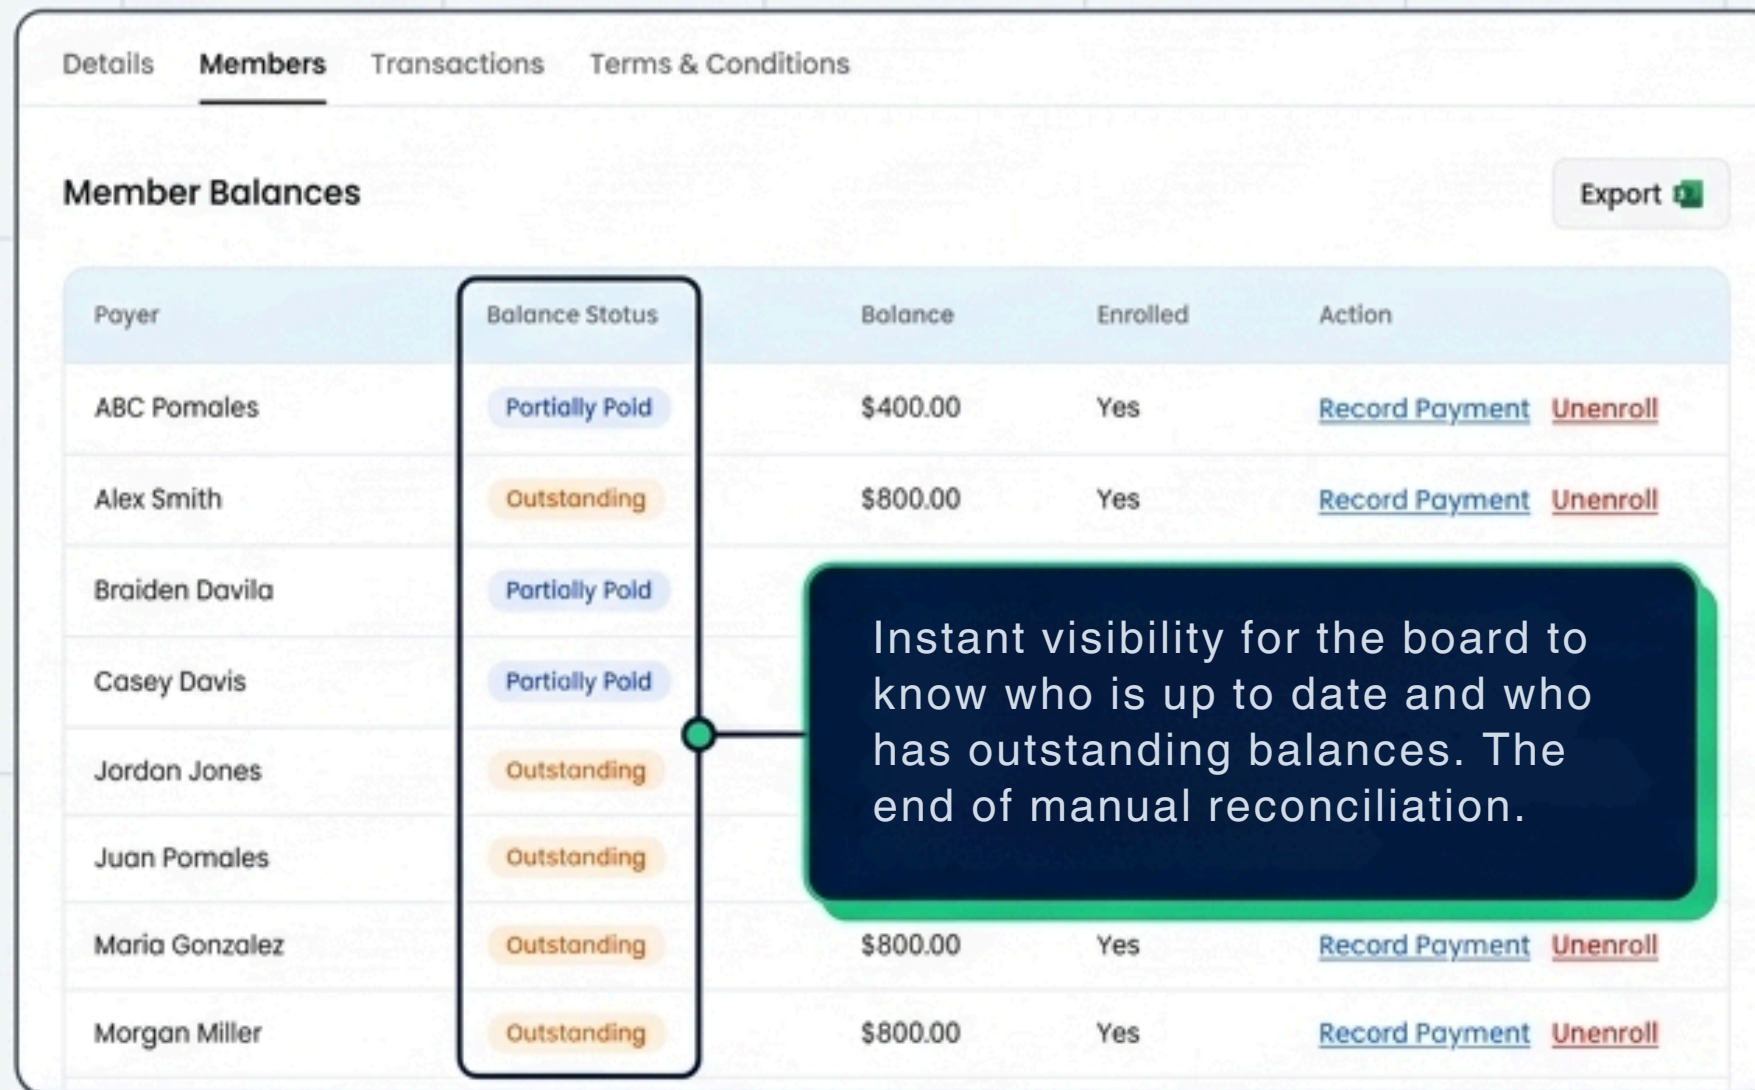

Ticket sales.

A digital ticket is generated in the App alongside an email receipt (App launch: Nov 2026). Currently, tickets serve as proof of purchase and sales are tracked in reports. Check-in coming in the next phase.

Automated Dues: Eliminate the awkwardness of collecting payments

Instant Visibility

The screenshot shows a web interface with tabs for Details, Members, Transactions, and Terms & Conditions. The Members tab is active, displaying a table of member balances. A callout box highlights the 'Balance Status' column, explaining that this provides instant visibility for the board to know who is up to date and who has outstanding balances, eliminating the need for manual reconciliation.

Member Balances					Export
Payer	Balance Status	Balance	Enrolled	Action	
ABC Pomales	Partially Paid	\$400.00	Yes	Record Payment Unenroll	
Alex Smith	Outstanding	\$800.00	Yes	Record Payment Unenroll

Flexible Payment Structure

Fixed or Recurring Dues:

Set up one-time fees (e.g., Graduation Fee / soccer club membership) or set monthly payments that add to the balance as monthly cycles activate.

Board Recommendation:

For large dues, Redeema recommends ACH payments (direct bank transfer). This minimizes card processing fees as much as possible, even though they take 3-4 days to reflect in the balance.

Frictionless Payments: **No app download required**

Any relative opens the link directly on their mobile phone. They do not need to create an account or download any application.

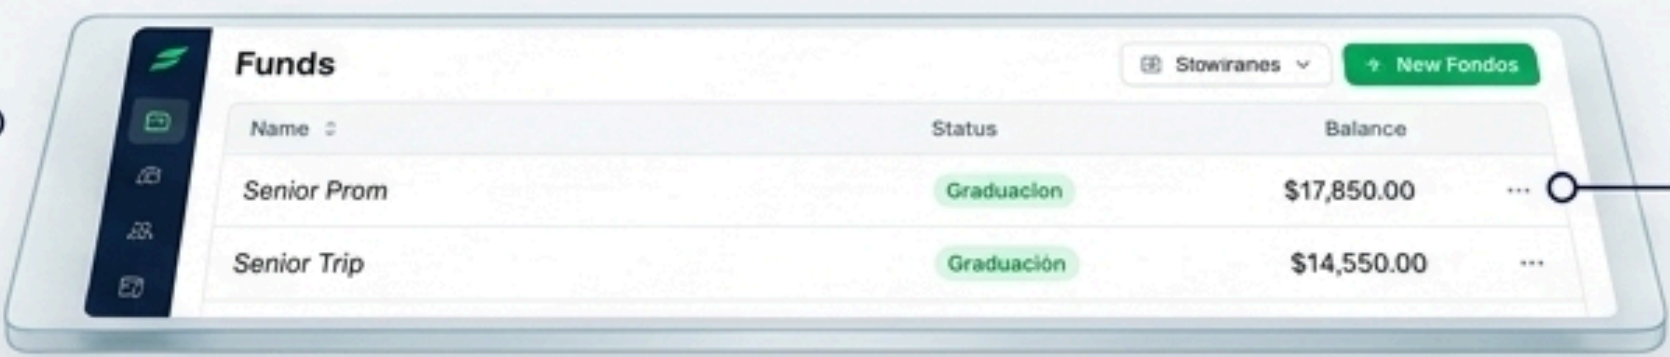

Credit cards, debit cards, ACH, Apple Pay, and Google Pay. With Stripe Link, donors can save their payment methods and contribute instantly with a single click.

The system generates and sends a detailed email receipt immediately after payment. Transparency for the donor, zero work for the treasury.

Treasury: Clean books, easy audits, and total control

Money Flow: **World-class banking security**

Absolute transparency. You have full legal control of your money at all times thanks to our Stripe-powered infrastructure.

Donor Cover Fee

We offer two charging modes for each campaign according to your organization's needs:

Hybrid Mode

The option to pay the fee is selected by default, but the donor can uncheck it.

Fixed Mode

The fee is added automatically to the payment.

Monthly Cost :\$0

The organization only pays a fee during digital checkout (Platform + Stripe fee) which is debited instantly from the amount paid. The donor can cover it, **and you receive 100%.**

For more information about pricing:
redeema.io/pricing

Note: The donor cover fee does not apply to dues since the payment applies to a balance. Increase the dues amount if you wish to cover the fee. (We will work on this in the future).

Security, Infrastructure, and Transparency

Built on AWS

Redeema is built on enterprise-grade Amazon Web Services infrastructure and relies on certified partners to ensure the highest quality, reliability, and operational continuity.

Secure Payments with Stripe

We use Stripe, the global standard for payments, to protect organizations' money and process their transactions securely.

Transparency in Every Transaction

Income and expense entries, whether digital or manual, cannot be deleted. Any correction requires performing a void, leaving a clear trail for greater transparency and control.

Less manual work

More fundraising and control

Redeema simplifies management, boosts your campaigns, and guarantees total transparency for your organization.

Time Savings

- ✓ Receipts sent automatically via email on every payment.
- ✓ BBalances calculated in real time.

1

Campaigns within families' reach

Users will be able to view campaigns directly in the app.

2

Notifications and history

They will receive push notifications when a campaign is created and can view transaction history, including event and raffle tickets.

3

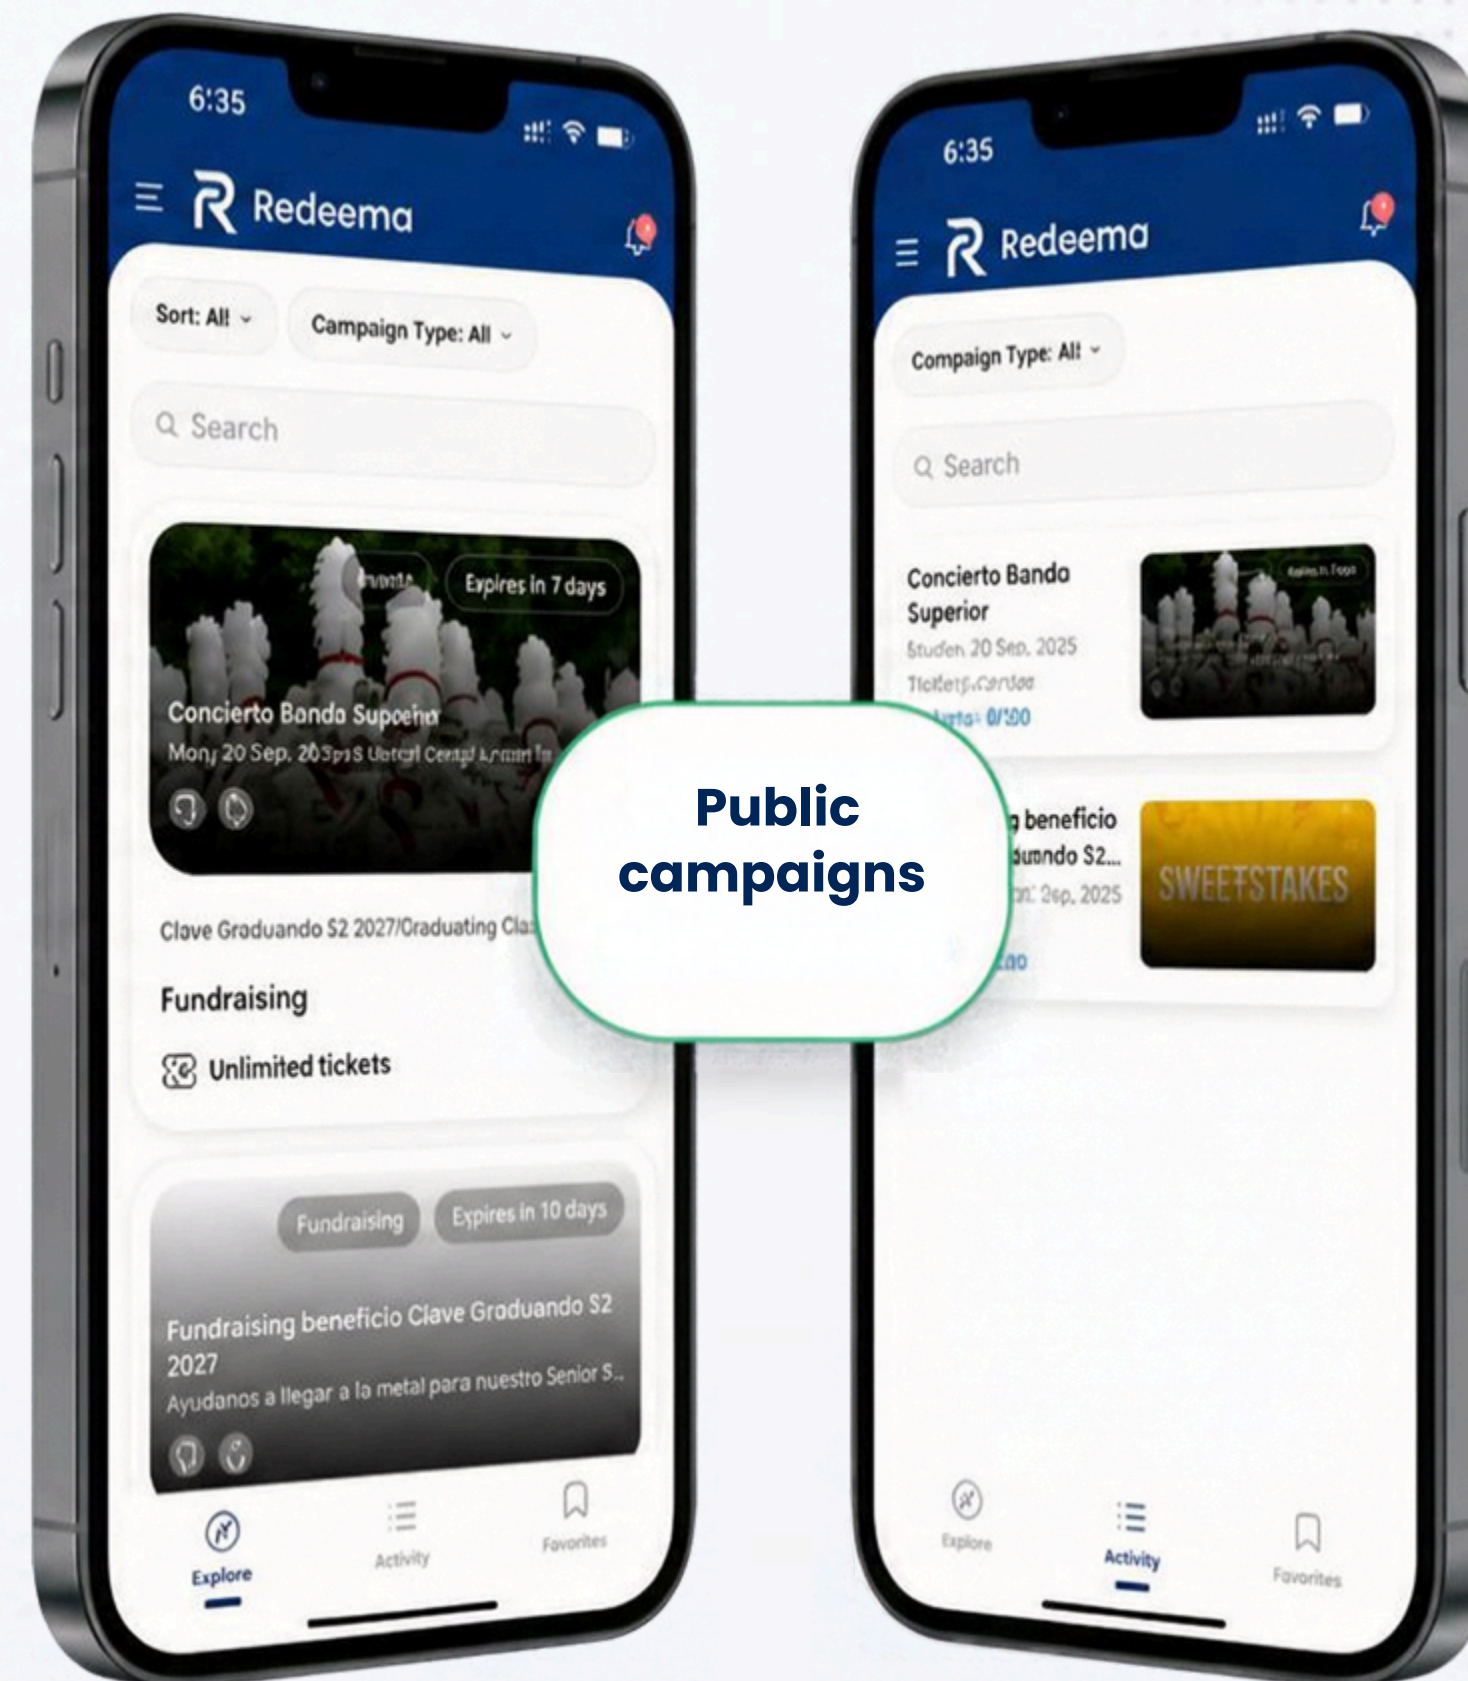

Greater reach, higher funds raised

Public campaigns don't just appear on pages; they can also be discovered by anyone who has the Redeema app in Puerto Rico.

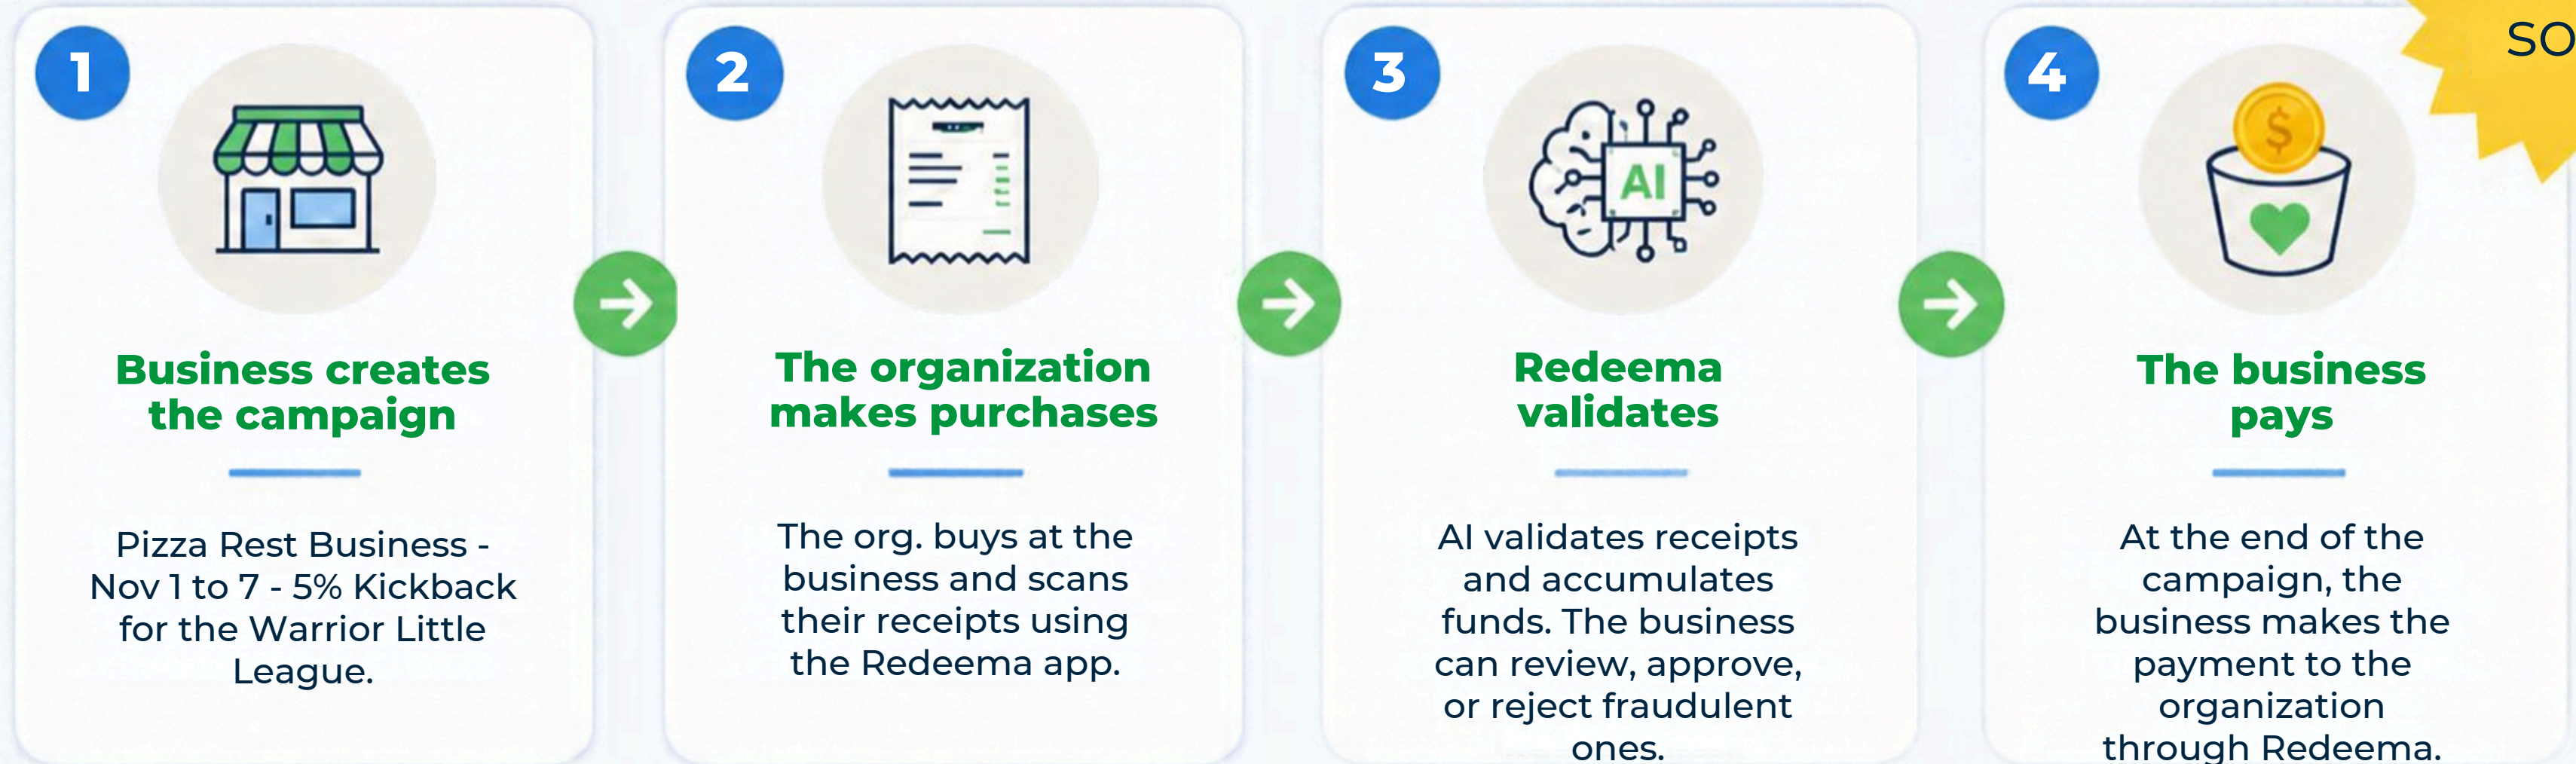

Digital tickets currently function as proof of purchase; registration or check-in is under development.

Kickback: funds without selling or asking

Organizations receive a percentage of actual purchases, while businesses generate loyalty and sales

Coming soon

The Current Problem

Kickback addresses donor fatigue—always the same people donating. Now, local businesses can sponsor your organization through validated purchases. We will encourage businesses to support the silent economic force that moves the country: our organizations.

A **win-win**: increased loyalty, higher sales, and smart use of the marketing and donation budget by businesses.

Next Steps: Your organization ready to fundraise in minutes
